

Glazed

JEFF ANDREWS

COLLECTION

Glazed, a wallpaper collection by celebrated interior designer Jeff Andrews and manufactured by Astek Wallcoverings, is inspired by the designer's long lasting love of vintage ceramics. Based on pieces from Jeff's own specially curated collection, **Glazed** is a stunning compilation of materials and textures with bold, graphic patterns and a sophisticated palette. With colors derived directly from the ceramics as well as nature itself, the palettes range from earthy neutrals to precious metals to dramatic, high-contrast black and white. Offered in a mix of eco-friendly, artist canvas, and glamorous mylar substrates, the collection is comprised of seven patterns with multiple colorways per design. **Glazed** is a deeply personal statement of Jeff's own aesthetic, and marks his debut as a wall coverings designer.

Jeff Andrews is an award-winning, Los Angeles-based interior designer whose work has been celebrated in books and magazines around the world including *Architectural Digest*, *House Beautiful*, *Vogue Living*, *Elle Decoration*, *Interiors* and *Traditional Home*. Designing homes for Hollywood celebrities, as well as young entrepreneurs and families, Jeff is skilled at pushing creative boundaries in ways that respect and redefine traditional design aesthetics. His innovative and refreshing approach makes him one of the most sought-after interior designers in the industry, and his ability to visualize and interpret the needs of a diverse range of clients is unmatched. What sets Jeff Andrews apart in the world of interior design is his natural talent for taking bold design concepts and infusing them with warmth, sophistication, and most importantly, a sense of home.
